

Student#:216403370

Sur (Family) Name: Wang

Given Name: Hongru

Section:B

Clarification: To not conflict with the description of the project that recons should be identified by who, where, when, this E/R diagram has a problem that one person can be in different places at the same time in different recon. This is not allowed in real life but it will be fixed in future steps of making database system.
